Capital Hash Run 1491 – Fit 4 Riding

The following has been dictated to my EA Centrefold by me, and he may have snuck an opinion in that may not be mine!!!!

Well five runs and I'm up for a run report, I guess that's the punishment for being Centrefolds better half! The run was good, although there were varying reports of very good to *%\$##@@ by members of the pack. The first check was very long as well as the second, third, fourth.....and although I haven't been hashing long, no-one was going to even think about going down the circle check on the way home! For the walkers it was a long way out, and a long way back, but at least they got to the munchies and drink stop before the runners! (ed. not my sentiments, but CFs)

The drink stop was excellent with the holy green ginger wine concoction personally passed by our most reverend Religious Advisor the Venerable Crackers (who is starting to remember my name now!!). I'm sure I heard a few Hallelujahs muttered by the runners, but I think it was because they were just happy to get to the drink stop. Then a long, long, long way home, but some nice scenery from lower and upper Narrabundah.

The food was very nice, with plenty to go around and I gave it a 7 out of 10, but using Centrefolds Hash Sentiment Curve adjustment it goes down to 3 out of 10.
