## PAST WEEKS RUN FOR CAPITAL

### Run # 1492

#### [Photos 1492](#)

**Hare:** A committee comprising Crackers and Rubber Duckie

**Location:** Childers Street City (on the demarcation line of Civic Centre and ANU campus)

**Intrepid Run Reporter (and committed Luddite): BIG BOY**

**Designated Driver: nil!!!**

I didn't take notes, so memories of the event are, of course, somewhat fuzzy, and so, sorry, a precise presentation of facts cannot necessarily be guaranteed.

However

The evening had turned cool with a gusting wind that made the ambient temperature seem a little less than tropical as the quite large pack milled about on the corner of Childers and Hutton Streets. Extra layers of clothing were added as we waited for the late-cummers. As well as the regulars and die-hards there were a cuppla visitors, quite a few occasionals and hangers-on, and one noted bottom feeder present. Obviously word had got out that this was to be a heavily subsidised run!

Eventually the **GM** called proceedings to a head and after a brief intro from the Hares, the runners dashed off into the metropolis. The walking pack, armed with 3 maps and privy to secret information, strolled in another direction towards Sullivans Creek and the drink stop. This consisted of LARGE glasses of bottled—NOT cask!!- port with or without lemonade, salty potato crisps and sweet lollies for the pre diabetics. The walkers and wankers did well here....I've no idea how the real pack fared (nor do I particularly care). By this stage, **Scarlet** had abandoned the runners and cum over to the other side.

The front runner home (or was that short cutter?) was **Paw Gersper**, with **Infallible** a close second

It took quite some time for the remainder of the serious squad to get home; this despite the dithering hare-committee suggesting it was “a short run of perhaps something like possibly 45 minutes duration, or somewhere thereabouts”. ( what has happened to the **Dribbler’s Bib?**)

There were 2 **visitors**. One, a roughish sort of bloke from Cooma who reports it was his 12 year old son who got him interested in Hash. (I can understand any possible confusion here, and know nothing of the lad’s athletic prowess, nor of his interests or otherwise in Cannibas). His (the father’s) Hash name had two words to it, something to do with crook legs or the like “**Dickie Knees**”, perhaps.

The other was yet another of the current spate of **Oriental Spunkettes** we’re enjoying have cum with us at Capital. A holiday-maker from southern China, who within just 7 days has been to our snow fields and ran with **Canberra Hash** on Sunday. She has a toy poodle at home who is being looked after by her parents while she is making holiday. The dog’s name I don’t know. It is something Chinese. The visiting Harriette’s name was seasonal, reminded me of Christmas, perhaps. Something like “**Semens Greetings**”.. I don’t know. The important thing is, “Welcome back **Baaa Braa**, good scouting!”

I’m not always convinced that committees necessarily make for good Hash Haring, but on the results of this run it would seem that **Crackers** had good administrative skills, and **Rubber Duckie** has the happy knack of attracting **good oriental crumpet** (I am not including **ONYA** in this vapid generalisation) and has very much picked a winner in his choice of venue. I thought the tucker was great and the management and staff magnificent (just a bit too far to the toilet). This is not a free ad. I do think we should go back here to eat again. Preferably on nights when the likes of **Eyesore** or **DumbDumb** are doing the catering!

I think **JR** the Hash Dray or whatever that role is now known as, did a great job supplying suitable booze. What? no hangover this morning!! and talk about miracles....perhaps the 5 loaves and 2 fishes one is appropriate here..... ONE bottle of white wine was enough for that swollen crowd.. Says a lot for Southern hemisphere Sauvignon, don’t you think?.

#### **Awards:**

**Cracker of the week** was awarded and hungrily scoffed These kuntzll eat anything!

A Large Cock was presented by **Dickhead Dave** to **BIG BOY** for fowl language.

**Eyesore** had fond memories of oil massages from the past, and gave **Spanky-the-Monkey** to one of our popular **Oriental lasses**, apparently looking forward to getting it back sometime with happy endings.

#### **Anniversaries:**

did anything at all feature here. I;ve no idea at all. Check with **Gnash** if you need to know.

All in all, a very pleasant Hash event and while I didn't have the convenience of **the child-bride** driving me home, I did have the opportunity to bond further with **Emma Lixit and Paw Gersper** in the back of the cruiser.

CHEERS! and on out **BIG BOY**
