HASH RUN No ~~4205~~ 1523

Mixo/Furballs Ewor

~~Weston Park Yarralumla~~ Founders Run

Things turned to crap straight away as yours truly was dumped on to do this bloody report for the **THIRD** time this year thanks to Centrefold. Since all the founders were not available for the run we had to settle with **Mixo** to set the run. **Furballs** helped but made mutters about being up at 6 O'clock in the morning to cook for all us bastards, but in the next breath she recounts her 5-hour lunch she had as well!! – not good for a sympathy vote hey ED. After a short description by **Mixo** of the run and his complaining about how hot it was the day before when he set it, we were off.

The marks led the pack into the usual check backs and stuffing around near the nursery and Nursery Bay – but not this little black duck. I was cleverly searching for trail near the fence of the Golf club while catching up on construction news from **JR** about his new house. As it happened I did find trail and caught up to the wankers who seemed lost and bewildered at the markings going in circles. Shortly after, the pack was cutting thru the CSIRO forestry establishment and past the old Brick works. Mixo had then found the only virgin unburnt pine plantation in western Canberra so he took advantage of this and the fact that the blackberries hadn't been scorched as well.

From here he wound the pack thru the streets of Yarralumla with 'clever' checks and check backs down to the lake and a drink stop at Orana Bay. The aroma of the duck/swan/seagull shit and the stale blue green water added to the atmosphere of the stop. With a fine champers and OJ drink we could admire the view of the sailors and windsurfers. Then it was just a short amble back home. The run was a good length and had plenty of scenery. The checks on the run were a constant problem, as the hare was not checking so everyone didn't know which way not to check. What's happening - this is **Mixo's** 2nd decent run he has set in the same year and less than month a part!!

I suppose after 1000 runs its about time he started getting things right....

The wind started to pick up just as the circle got started – a standard for founders run!

Down Downs were for the following rabble:

Furballs & Mixo for the food & run

PP for having a hat on in the circle (when will they learn!)

Slippery for coming to earlier

Returnee's were DH2 & Root Twister

Stand-in Founders of Mixo, Gobbles, Gnash, Dum Dum & a Testicles look alike!

Mixo again for the 1st Capital Hasher to reach 1000 runs

Dum Dum & Mixo (teenager at last) for B'day drink

Charges for Corporal, Centrefold & Baa Bra for various shit

Remembrance drink c/o O'Donis crapping in the trees and Cheeky's dog rolling in it.

A refined drinker – she should be whipped! (I forgot her name)

Gerbils for a lack of Hash attire

Nympho for supplying the hash with new fucking big steak knives – Mixo's fault!

Events from Maid Marion's committee meeting last week provided a couple of stories and then drinks for the current committee- something to do with Choc port.

Dick Head arrived late and was quickly cooled off with a down down.

More Anniversaries with Black Dog on 333, Rummy 345 & Maid Marion on 144

I did score the fine curry with a 10.

Founders Run - 15 Feb 2010.

[Click on photo for full set.](#)

Just thought I'd try my old trick of reusing a 'well' written report for the actual same run only six years ago. And now for what really happened at the run on Monday the 15th Feb 2010.

With a threatening sky of an approaching storm the masses greeted old returnee's to the circle before Ewor gave us the blurb on tonight's Founder's Run.

And we were off - headed towards the northern end of Western Park which I've worked out previously that you have to run all the way back. So Gnash, Malfunction and myself did the unthinkable and cut across to some how pick up trail heading around the Yarra Nursery. The run continued along the lake edge and then cutting back around the golf club before entering the residential area of Yarralumla.

On to a pleasant and scenic double drink stop at the lake, one by Ewor the other by Testicles. On back home after the Drink Stop.

Hidden Flagon then ran his second last circle as GM – time for another birthday drink!!!

Excellent Run report given – a score of 9/10 for Ewors effort.

Returnee's: Barbra, Astroy, Gerbils, Sticky Date, Ewor, Winger, Malfunction, Testicles, Woof Woof & Poo Shooter all gratefully received a DD.

Charges had Gnash, Malfunction & myself charged by Ewor for shortcutting or some Bull Shit. Fellofa for Shirts or something.

Friskies & JR for not having Hash attire.

Easy, Winger & Rubber Duckie for flashing on the run??

Awards: Friskies kept the Big Prick for another week!!

100 run Mugs appeared before they reach their 200th run. They were for the GM, Fizzy Lizzie, Fellofa and Drunking Tiger.

Anniversaries for Party Pie #42, Peeping Pervert #144, Soft Centre #250, JR #750 and Digger? with #2

JR had the only birthday drink for tonight.

Dog Turd Strolled in late for a DD

Weather Man had another quality joke for the circle

Ewor & Testicles then recounted the reason for the Founding of Capital Hash at this location and then remembering fallen Capital Hashers Laser, Adonis, Andy Crap & Bob Bliss. In the circle DH2 informed us that Mixo has fallen but only with Gout, everyone can catch up a run on him

After having the great curry I revaluated my score from 9/10 to 9.5/10
