Run 1541 - Monday 21 June 2010

Run 1540 - Monday 14 June 2010

Hare: Drunken Tiger - Location: Scout Hall – Greenway

Drunken Tiger started the run by saying it was flat and short as it was too cold to have a long run.

Meat got a few flashes in on the run. He and D2hd were running down the end of the pack - no doubt making eyes at each other or holding hands! Centrefold practised what he does best - shortcuts across the fields. Overall the group ran well together and the track was well laid. Just checkout Meat's flashes! There was 2 Hash dogs on this run - not our normal mutts, but good runners all the same. Peeza's dog had an identity crisis - am I a dog or a sewer rat? - after taking off down a drain and taking some time to retrieve.

The walkers had a long flat trail this time and decided to do some sight seeing. After all - it was a short walk and the walkers are over all the bitiching from the runners about hogging the chips at the drink stop, so they kindly took the long way round allowing the runners to partake of their much needed sustenance. Drunken Tiger mixed up a new concoction this time of rum, apple and rasberry juice with suspicious floaty bits in it but served deliciously hot.

Overall - a good quick run that allowed everyone to stretch their legs and get warm on a cold night.

RETURNEES

A bunch of them that can't be bothered turning up sometimes but did this time.
