Run Report. Run no. 1544 Hare: Free Willy Location: Captain Cook Cresnet, Griffith

Gosh I have just realised I have not done the run report. Not like the old days where you were harassed and threatened for not doing one. Things are a little softer these days.

Anyway back on the report. It was a much warmer evening than the previous time we set off on this location. The stand in RA obviously was doing a good stand in job.. The run ventured into various familiar areas and through some old run site locations. The acting GM improved on his pathetic horn blowing skills with a vuvuzela at the beginning of the run to a loud resonating tone towards the end of the run. He pissed off a few residents of red hill in the process.

A milestone in this run occurred with softie having a birthday and retired all in the previous week. Big boy stated that he is now going back to work. The pack expressed some doubt at his promise.

There were a few charges and awards but my hand writing deteriorated as I got more and more pissed during the night and I can't read them. However friskies attempted to give away a new award called the little red nosed "c-word" award. However after big boy and myself informed him that the word is CUNT and then informed him that the nose was not red, he took it back and promised to paint it red later.

I gave the run an initial 6/10 but as the food was plentiful and tasteful for a young, growing boy like me had to give it an extra point and total to 7/10.
