WORLD RECORDS TUMBLE AT "THE SCAR"

A true account of the events which occurred at "The Scar" on the chilly night of 01JUN15
It was the coldest night of the year, and yet a large crowd of dedicated hashing dickheads still gathered for their weekly dose of exercise, mirth and dodgy food.

WEATHERMAN, the hare, was thanked by HORSE for setting such an average walk in which half the pack went missing in action in Karabar and palings were pulled off of perfectly servicable fences in anticipation of a chilly circle. The more sensible hashers (is there such a thing??) only pulled the palings from fences with NO DOGS behind them. The walk was deemed to be all uphill, and the drinkstop was deemed to be to far from the bucket. 2/10

QUEEN LATRINE added to the tail of misery by pointing out that the run was short, flat and shitty. It was ALL uphill, only had one hash halt, was overrun with four leafed clovers and public toilets. 2/10

A NEW WORLD RECORD was created when the hash sang SEVEN verses to the hare song. (Eurovision next year???)

Visitors, virgins and returnees: GOPHER, HORSE, GREASE NIPPLE, FISH FINGER, QL and DUNNYGONE

SCARLET was charged for calling the GM a FUCKWIT. HIDDEN FLAGON was charged for being unknowing....????, He then forced POP TART to take possession of an umbrella which didnt belong to her!!! creepy. GERBILS was outted for doing the trail in a car POOSHOOTER was called out for pretending to be sick so he could abuse the local hospitals WIFI to run his business

Horse was charged for looking like BABBLING BROOK. The hare was charged for taking trail PAST a pub????

QUEEN LATRINE (real name - Fatima Hussein) alledgedly rowed rather than hashed.

At this point the hash was brought to a halt by GREASE NIPPLE wanting to know the recipe for Gin and Tonic. I havent laughed so much since i heard that the GM played cricket for Scotland.

SIR LANCE A SLUT (who has a horn fixation) attempted to charge KNUCKLE SHUFFLE or GREASE NIPPLE with a horn charge but it backfired on him.

It was pointed out that HORSE and BETTY BOOP, combined, were wearing a pantomime penguin costume. (Hash is diverse isnt it??)

POPTART and SUEELLEN were accused of being Lesbians

AND THEN.....The Muslims took over, QL was exposed as a dirty Muzzo (wearing her dirty camo knickers on her head). The TUN became Hallal. We all got

down on our knees and faced west.....The direction of the fire bucket. And the GM started chanting the name of the great hash symbol.... "gerbils, gerbils, gerbils".

As it turned out, GERBILS was then awarded the big prick, QL got the COTW for have a happy ending at a thai massage parlour.

WEATHERMAN celebrated 250 "seen to leaves"
