

Capital Hash – Run 2075 – 26/27 April 2020 - Kambah Woolshed – Centrefold

The second week of a Zoom circle went really well, with even more remote Capital Hashers signing on. I think we are getting the hang of this although synchronised singing is not a strong point. The setting of the run on a Sunday and running anytime after 2pm is proving to be a hit, with many managing to get out, particularly on the Monday when the weather was fantastic. It is great to see so many members getting into the spirit of these times by participating. I'm glad I followed the GM's advice and used waterproof chalk due to the rain; however, it did get me in trouble for the marks

Run report – Scarlet, said the run was ok with the markings a bit faint a score of .5

Walk report – PPs- generally a good run although hard to check with so many 3 ways and not always marked (so the GM says) a score of .85, which the GM used his prerogative and made -15
